III. PROJECT

Project objective: Rehabilitation & continued use of Carbondale City Hall, perhaps rehabilitation and adaptive use of Carbondale City Hall: repair and reshingling of roof of building, cleaning of exterior masonry, pointing of exterior masonry; the building has to be brought up to code (installation of elevator, fire exits, rewired, insulated).

Briefly describe on no more than two typewritten pages the proposed project, identifying specific activities to be carried out. Indicate if properties to be treated have been selected; if outside sources of technical help for packaging, cost estimating or other tasks have been identified, if necessary; and if the project builds on the organization's former efforts.

Anticipated timetable (insert dates):

Project planning completed by The Committee to Restore Carbondale City Hall, Inc. began the restoration effort in November 1981.

Needed financial resources and commitments secured by Summer 1982

Acquisition and rehabilitation from November 1981 to completion of restoration

Project completed by Committee to Restore Carbondale City Hall, Inc.
